- Parking

Lucy Cavendish College
University of Cambridge

Our Community

The Lucy Cavendish College community is diverse, inclusive and friendly. We welcome students from all backgrounds to study all subjects offered by the University and we particularly welcome applications from those currently under-represented in the University. We are committed to addressing complex scientific, social and technological global challenges.

"The community at Lucy is one of the most diverse, inclusive and friendly. I was supported in my academic work and also personally; everyone wants you to succeed and get the most out of Cambridge. I've made friends for life at Lucy!"

Academic and personal support

Lucy Cavendish ensures a high level of support during your transition to the University and throughout your degree. We have an experienced tutorial team, with dedicated first year tutors.

A comprehensive Bridging Programme before your first term ensures you are academically and personally ready to make the most of what the College and Cambridge have to offer. There is also a full programme of academic study skills, personal and career development throughout your time here that helps you to maximise your potential and achieve your ambitions.

"As a student returning to education after a 12 year break - I could not have asked for a better environment. There was never a moment where I felt like I didn't have the resources to be successful - great study spaces, amazing mentors, supportive staff members and delicious food."

Student Lifestyle

The College is a short stroll from the centre of Cambridge, and within easy reach of all University departments, the University Library, the University Sports Centre, student performance venues and the riverside. There are numerous opportunities to pursue your own interests – there is a lively sporting scene and the College has its own boat club.

The Students' Union (SU) is an essential part of College life and arranges a host of social events throughout the year from film and pizza evenings, club nights and historic walks. It also runs the College Bar and supports the College's different clubs and societies.

The SU ensures that both undergraduate and postgraduate interests are represented and offers a vital support network for current students.
