Why Buy RSU150NX

CleanCare

A cordless high-pressure misting disinfection system, the RSU150NX Sanitise Pro delivers effective results every time by every user across a wide range of environments.

• Optimum User Comfort

A fully adjustable 5-point harness incorporates cushioned shoulder and waist straps, providing complete comfort for any user. The breathable mesh back-support system ensures constant airflow, keeping operators cool and comfortable during use.

• Stay Cleaning for Longer

With a 6-hour runtime and 60 minute fast charge, the Sanitise Pro is always ready to go, for instant and convenient operation.

• High Pressure Vortex

On entering the lower-pressure ambient air, the high-pressure creates a vortex effect. This reduces particle speed, displaces pathogens and increases coverage across surfaces and touchpoints. Independent testing shows a Cationic charge to the mist droplets, increasing the ability to cling to complex surfaces and touchpoints, when used as a system.

• NX300 Pro Cordless Range

Part of our NX300 Pro Cordless Range, bringing the convenience and performance of professional cordless cleaning across our growing battery range.

• Auto Standby Mode

Built-in standby system switches off the pump, every time the trigger is released and when the tank is empty for quieter and unobtrusive operation.

5-Point Harness

Easy Refill Tank

Stainless Steel Misting Nozzle

Adjustable Cushioned Shoulder Straps

Supportive Chest Strap

Adjustable Cushioned Waist Strap

Easy Refill Tank

Breathable Mesh Back-Support System

Whilst we recommend using TECcare® Control, the RSU150NX is fully compatible with disinfectant solutions based on Quaternary Ammonium Salts or Hypochlorous Acid using appropriate dilution levels. Use of other chemical/disinfectant solutions may invalidate warranty.*

*99.999% effective in inactivating / destroying pathogens when using complete RSU150NX System. System comprises RSU150NX Mist Unit applying TECcare® Control Disinfectant Solution.
